The residence occupied by Mr. James

Purnell, Mr. Simon Crowell and Mr.

Martin Crowell, at the corner of Walnut

and Front streets in the Fifth Ward,

known as the "Station Property," was

totally destroyed by fire this morning at

12:40.

The fire originated, it is thought, from

a spark from the chimney in the North-

west wing of the building, which portion

was occupied by Mr. Simon Crowell, and

spread rapidly to the center portion,

completely destroying these two sections

and the greater part of the third section.

Very little of the household goods and

clothing was saved; in fact, it was all

the occupants could do to save their lives.

The loss on the building is about \$3,

THE ANGRY WATERS.

Wading Down at a Fair Rate—The Damage

Will Be Great.

The Ohio continues to recede at a fair

rate, the gauge registering 58.8 this morn-

ing at 7 o'clock.

While the damage or losses in May-

sville is only in making, the worst part is

now to come of that cleaning out the

mud and slime left by the falling waters.

At Portsmouth over half of the city

was under water, while at all points above

save one—Marietta—the damage is away

up in the millions.

At Newport and Covington there has

been a vast amount of damage done,

while no one is able to tell of the suffer-

ing.

The river will continue to fall, notwith-

standing the report started last evening

by some miserable fellow to the effect

that the rivers above were again rising

and that the waters would go above the

1886 marks.

All danger is now past.

"BLACK DEATH."
A Strange Malady Creating Havoc in the Kentucky Mountains.

SENATOR, Ky., Feb. 27.—Reliable reports just brought here from the southern part of Perry county, near the Knott county line, say a fatal malady, something like black death, is raging there, and already several deaths have occurred, with more than 50 cases in the immediate vicinity. New cases are also developing every day, and the local physicians of Perry county have their hands full, although they were unable to give any aid, the disease being far beyond their knowledge.

The victims first feel a heavy attack of chills, followed with a breaking out of the tongue and mouth. Usually they want to sleep all the while and can not be kept awake.

Much excitement prevails throughout the county, owing to the fatality of the "black death," and every precaution is taken to prevent the spread of the strange disease. Some 15 months ago this same disease was in Perry county, and many victims were carried off, though it finally abated. Also the same malady raged on Heaver Creek, Floyd county, when it carried off more than 100 people in less than three weeks. It was carried there in a suit of clothes from Cincinnati.

Bradley a few days since told Private Secretary Robert, that he would not see Mrs. Jackson, who wishes to plead for clemency for her son, nor deviate from his rule to only consider applications for clemency by letter. I do not think Gov. Bradley can be influenced at all in the matter.
